Community Outreach

At Express Roadways we take our corporate social responsibilities very pensively. Express has aided the construction of a senior secondary school for girls in Haryana state. We have also endowed significant contribution in the construction of Hyderabad Goods Transport Association Building and are engaged in active running of the association. The association houses a training facility for CVL drivers & mechanics and is actively supported by Express Roadways, that promotes an industry-wide safe driving and preventive maintenance awareness .

Express has extended its humble support to the under privileged sections of the society. Express sponsors child education through an NGO – Spandana India, mass marriages and is active participant and and trustee of a NGO sponsoring blind education and upkeep.

Green Initiative

Showing its environmental concerns, Express Roadways has Funding a NGO engaged in reforestation in the Haryana state. Also, E friendly reuse of consumed oil is done. Express Roadways is moving to being a “Green Workplace” - maximizing the use of natural light in facilities. We at Express have also undertaken Six Sigma Project with OEM (Tata Cummins) for increasing fleet energy efficiency and have Scheduled preventive maintenance and use of sophisticated CVL lubrication technology for lower emissions and increased drain interval .

Thank You
